

## Fever

- CVES Health Office defines fever as a body temperature reading of 100.0 degrees or higher.
- Any student with a fever will be sent home.
- Children can only return to school after they have been fever free (temperature below 100.0) for 24 hours *without* the use of anti fever medications such as Tylenol or Motrin.
- Any student who returns to school before the above conditions have been met will be sent home again.
