Alternative Formats for Instructional Materials

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the School District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's Regulations.

District Plan

The District will develop a plan by July 1, 2002, to ensure that all instructional materials to be used in the schools of the District are available in a usable alternative format for each student with a disability, including students requiring Section 504 Accommodation Plans, in accordance with his or her educational needs and course selection, at the same time as such instructional materials are available to non-disabled students. The District Plan shall include those provisions mandated by Education Law and Commissioner's Regulations.

Adopted June 20, 2002
