I. INTRODUCTION

CVES is committed to providing a safe and orderly educational environment where students receive, and CVES personnel deliver, quality educational services without disruption or interference. Responsible behavior by all individuals, including students, teachers, parents, volunteers, vendors, contractors, CVES personnel, component district personnel, and other visitors is essential to achieving this goal.

CVES has a long-standing set of expectations for conduct on CVES property and at CVES functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, acceptance, kindness, inclusion, tolerance, honesty and integrity. CVES embraces research-based programs and strategies that prevent crisis from occurring, de-escalating potential crises, managing disruptive and acute physical behaviors, reducing potential and actual injury to personnel and students, teaching students adaptive coping skills and developing a positive learning environment. Such programs and strategies include but are not limited to: Therapeutic Crisis Intervention for Schools (TCIS), CALM, restorative and trauma informed practices.

Unless otherwise indicated, this Code of Conduct applies to all individuals, including students, CVES personnel, parents, persons in parental relation, volunteers, vendors, contractors and other visitors when on CVES property or attending a CVES function. Adult students enrolled in adult education programs should consult their individual program handbook and student handbook for specific disciplinary procedures. CVES programs or services provided in component district/"host building" locations, unless otherwise authorized, shall comply with the Code of Conduct prescribed by that building/district. Students who attend any CVES program, regardless of that program's location, should be aware that their conduct will be subject not only to CVES' Code of Conduct and the applicable component district's/"host building's" Code of Conduct, but may also be governed by additional provisions of the Code of Conduct in place in the student's home district of residence.

The Board recognizes the need to define clearly these expectations for acceptable conduct on CVES property and while attending CVES functions, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the CVES Board adopts this code of conduct. This Code of Conduct has been drafted in collaboration with all stakeholders to meet the requirements of the Project SAVE legislation (Education Law §2801), section 100.2(1) of the Education Commissioner's regulations, and the Dignity for All Students Act (DASA). The law seeks to improve school safety and to ensure a safe and effective learning environment.

4. Include footwear at all times; footwear that is a safety hazard will not be allowed;
5. Not include items that are vulgar, obscene, libelous or denigrate others on account of a person's race, gender (including identity and expression), ethnicity, religion, age, political affiliation, sexual orientation, national origin, color, weight, religious practice, sex, or disability;
6. Not promote and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities;
7. Not display or wear anything signifying gang affiliation.
8. Wear uniforms or other safety equipment/attire required for specific programs.

While the CVES administration may require students participating in physical education classes to wear certain types of clothing such as sneakers, socks, shorts and tee shirts, they may not prescribe a specific brand which students must buy.

Each school administrator or his or her designee shall be responsible for informing all students and their parents of the student dress code at the beginning of the school year and any revisions to the dress code made during the school year. Additional details about dress code may be addressed in building student handbooks.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item and, if necessary or practical, replacing it with the acceptable item. Any student who repeatedly

fails to comply with the dress code may be subject to further discipline, up to and including out of school suspension.

VI. PROHIBITED CONDUCT

The CVES Board expects all individuals to conduct themselves in an appropriate and civil manner in accordance with the CVES Code of Conduct, with proper regard for the rights and welfare of other students, personnel and other members of the school community, and for the care of facilities and equipment. These expectations also apply to internships and student work experience.

CVES strives to provide an environment in which individuals can achieve the knowledge and skills, in collaboration with faculty and staff, to develop social and emotional maturity. CVES personnel are expected to facilitate and model appropriate behavior and promote self-regulation.

The Board recognizes the need to be clear and specific in expressing its expectations for student conduct while on CVES property or while engaged in a CVES function. The rules of conduct listed below are intended to do that and to focus on safety and respect for the rights and property of others.

Individuals are expected to accept responsibility for their own behavior. Individuals may be subject to disciplinary action, up to and including suspension from school or removal from a program, when they engage in conduct that is disorderly, insubordinate, disruptive, violent, endangers the safety, morals, health or welfare of others, engage in misconduct on school-provided transportation, or engages in academic misconduct including work/internship sites. Students are required to conduct themselves on school-provided transportation in a manner consistent with the CVES and district Code of Conduct and established standards for classroom behavior. Behaviors such as excessive noise, pushing, shoving and fighting will not be tolerated. Students misbehaving on school-provided transportation under the authority or supervision of CVES will be in violation of CVES Code of Conduct. Students who misbehave on school-provided transportation under the authority or supervision of the home district going to or from a CVES program will be referred to their home district for discipline.

G. Legal Sanctions and Risks Regarding Unlawful Possession, Use or Distribution of Illicit Drugs and Alcohol

In addition to the above, Title IV CV-TEC Adult Students must comply with Legal Sanctions and Risks Regarding Unlawful Possession, Use or Distribution of Illicit Drugs and Alcohol which can be found in its entirety in the Adult Education Handbook

Adult students enrolled in CV-TEC's CTE daytime and continuing education programs must abide by all CVES Code of Conduct standards and procedures as outlined herein. Institutional disciplinary actions consistent with this Code, with DASA, and with adherence to Title IV adult regulations will apply. More detailed information regarding Title IV-related consequences for non-compliance can be found in the CV-TEC Adult Education Handbook and online on CV-TEC's Financial Aid web page.

VII. STUDENT DISCIPLINE: CONSEQUENCES AND PROCEDURES

While CVES utilizes proactive and preventative strategies consistent with the established DASA Guiding Principles to address inappropriate behavior, disciplinary action may be necessary. Methods of student discipline vary in style and effectiveness. Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that is fair, consistent and impartial. While no single method of discipline is recommended or mandated, all discipline is to be appropriate to the situation and in accordance with law, regulations and CVES policies.

As a general rule, discipline will be progressive. This means that a student's first violation will usually result in a less serious consequence than subsequent violations. Each student will be disciplined individually by authorized school personnel taking into account the following factors:

1. The student's age;
2. The nature of the offense and the circumstances which led to the offense;
3. The student's prior disciplinary record;
4. The effectiveness of other forms of discipline;
5. Information from parents, teachers and others, as appropriate;
6. Other extenuating circumstances;
7. If the conduct of a student is related to a disability or suspected disability, specific procedures outlined (**See Section X**) within this Code must be followed.

For special education students in a CVES program, the Board accepts that students with disabilities often display a range of behaviors that would be deemed disruptive within a regular education setting. These behaviors may include conduct that is disorderly, insubordinate, disruptive, or violent as defined in Section II. The CVES programs incorporate behavior management systems and classroom expectations as part of the overall instructional program that are designed to address this range of student behaviors. Infractions by students with disabilities will be addressed in accordance with this Code of Conduct and the law.

Disciplinary Consequences

In addressing student behaviors that may impede learning, CVES uses a variety of appropriate educational management techniques including, but not limited to:

1. Positive supports, strategies and interventions to improve students' motivation, social skills, problem solving abilities, anger management, and conflict resolution abilities;
2. Environmental modifications to support students' abilities to maintain attention, stay on task, and control their behavior;
3. Division-wide behavior management systems and classroom expectations to improve students' abilities to understand the connections between their behavior and outcomes.

Students who are found to have violated the CVES Code of Conduct may be subject to the following disciplinary actions whether alone or in combination. The school personnel identified after each consequence listed in the table below are authorized to impose that consequence subject to the student's right to due process.

CONSEQUENCE	AUTHORIZED PERSONNEL
1. Verbal Warning	Any member of CVES staff
2. Written Warning/Referral	Educational program staff

3. Written notification to parent	Teachers, student support services personnel, Principal, supervisor or designee
4. Suspension of other privileges	School Administrator, or designee
5. In-School Detention	School Administrator, or designee
6. Formal removal from classroom	Educational program staff, School Administrator, or designee
7. Short-term (five days or less) suspension*	Official of the student's home district upon recommendation of CVES School Administrator, or designee
8. Long-term (more than five days) suspension from school *	Official of the student's home district upon recommendation of CVES School Administrator, or designee
9. CVES Program exclusion *	Officials of CVES and the student's home district
10. Permanent suspension from CVES program(s) *	Official of the student's home district upon recommendation of CVES School Administrator, or designee
*CVES school administrators work in close collaboration with each student's home district for all suspensions.	

Parents/person(s) in parental relation are powerful partners in a student's behavioral growth, and in their child's development of acceptable social skills. CVES realizes that good communication and informal relations between parents and educators are critical to resolving discipline issues. The use of sustained, multiple, coordinated interventions at home and in school provide students with the consistency they need to develop appropriate behaviors. Parents/person(s) in parental relation are encouraged to help the school staff by reinforcing positive school behavior and disciplinary consequences. CVES recognizes that parental involvement in the behavioral process is required for the student to develop the behaviors that will ensure success in the school setting and life. Therefore, it is our philosophy to provide the parent/guardian with regular and early notification by phone or in writing when a student's behavior is problematic in addition to the required procedural notifications covered below.

Adult students enrolled in CV-TEC's CTE daytime and continuing education programs must abide by all CVES Code of Conduct standards and procedures as outlined herein. Institutional disciplinary actions consistent with this Code, with DASA, and with adherence to Title IV adult regulations will apply. More detailed information regarding Title IV-related consequences for non-compliance can be found in the CV-TEC Adult Education Handbook and online on CV-TEC's Financial Aid web page.

VIII. STUDENTS' DUE PROCESS RIGHTS

Procedures

All students are entitled to due process. In all cases, authorized school personnel must inform the student of the alleged misconduct and must investigate. Authorized school personnel shall provide the student an opportunity to present his/her version of the facts.

Suspension from Extracurricular Activities and/or Transportation Related Thereto

A student subjected to a suspension from such privileges is not entitled to a full hearing pursuant to Education Law Sections 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the CVES official imposing the suspension to discuss the conduct and the consequence arising from that conduct.

In-School Detention

The Board recognizes that CVES must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the Board authorizes administrators or designees to place students in “in-school detention.”

A student subject to an in-school detention is not entitled to a full hearing pursuant to Education Law Section 3214. However, the student and the student’s parent will be provided with a reasonable opportunity for an informal conference with the CVES official imposing the in-school detention to discuss the conduct and the consequence involved.

Formal Removal of Disruptive Students by a Teacher

A student’s behavior can affect a teacher’s ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student’s behavior and maintain or restore control over the classroom by using appropriate classroom management techniques as listed under the Disciplinary Consequences section.

For purposes of this Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher’s authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher’s authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher’s instructions or repeatedly violates the teacher’s classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

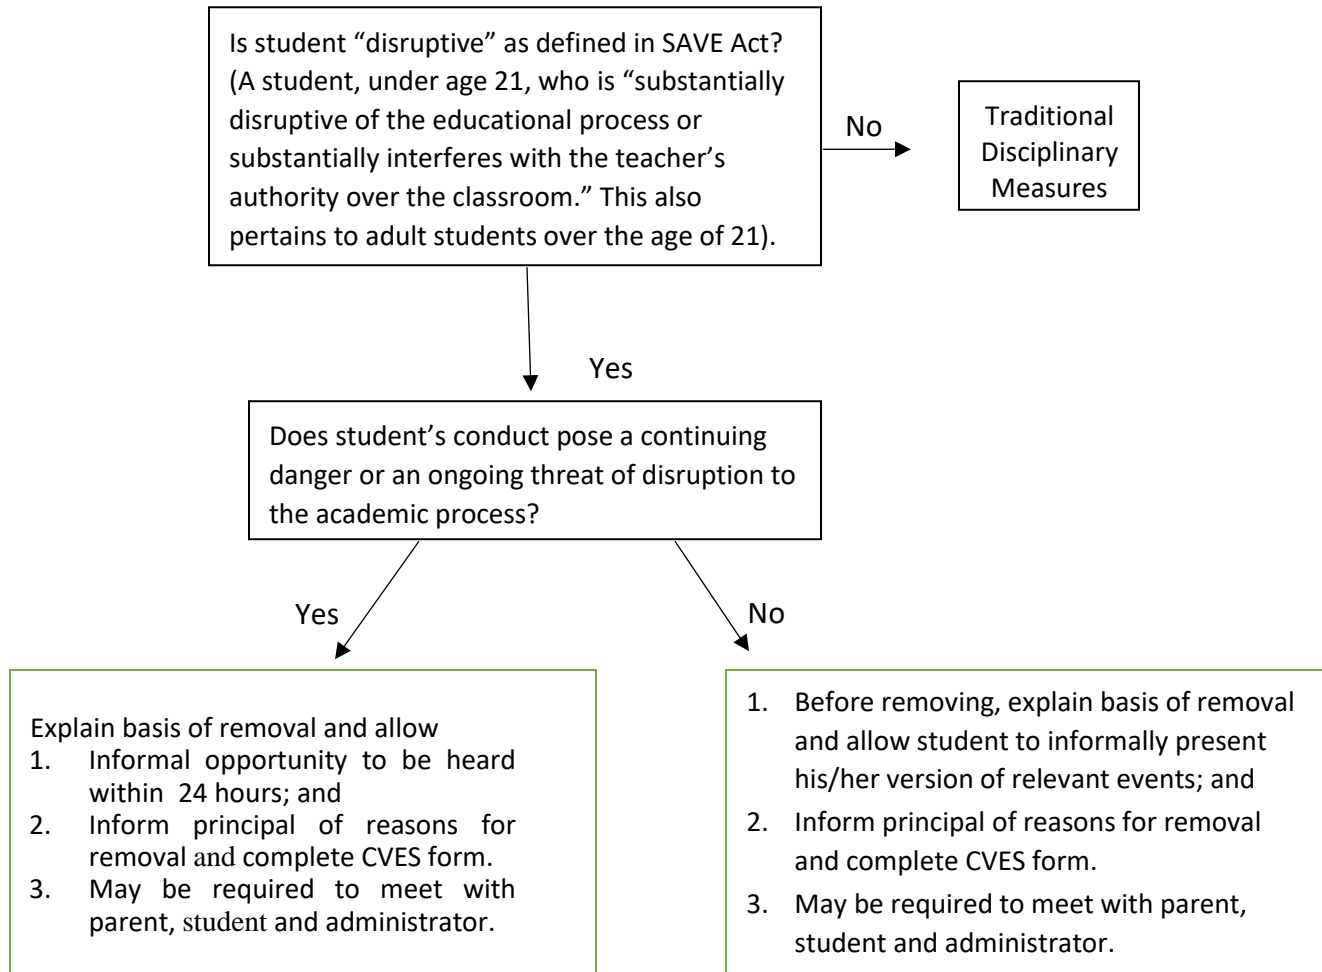

The procedural requirements for a formal removal by a teacher of a student are:

1. If the disruptive student does not pose a danger or on-going threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being formally removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher formally remove a student from class;
2. If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be formally removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24-hours, provided that if such 24-hour period does not end on a school day, it shall be extended to the corresponding time on the next school day;
3. The teacher must complete a CVES-established form for a formal removal by a teacher and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the formal removal and to present the CVES form for a formal removal by a teacher. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day;
4. Within 24-hours after the student’s formal removal by a teacher, the principal or another administrator designated by the principal, must notify the student’s parents that the student has been formally removed from the class and why. The notification must also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal’s designee to discuss the reasons for the formal removal. If such 24-hour period does not end on a school day, it shall be extended to the corresponding time on the next school day. The 24-hour notification, if by telephone or in person, will be immediately followed by a written notice;
5. The principal may require the teacher who ordered the formal removal to attend the informal conference;
6. If at the informal meeting the student denies the charges, the principal or the principal’s designee must explain why the student was formally removed and give the student and the student’s parents a chance to

present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's formal removal by a teacher. If such 48-hour period does not end on a school day, it shall be extended to the corresponding time on the second school day next following the pupil's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal;

7. The principal or the principal's designee may overturn the formal removal of the student from class if any one of the following are found:
 - a. The charges against the student are not supported by substantial evidence;
 - b. The student's formal removal is otherwise in violation of law or the provisions of this Code of Conduct;
 - c. The conduct warrants suspension from school pursuant to Education Law Section 3214 and a suspension will be imposed.
8. The principal or his or her designee may overturn a formal removal by a teacher at any point between receiving the referral form issued by the teacher and the close of business on the school day next succeeding the end of the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of the formal removal expires, whichever is less;
9. Any disruptive student who is formally removed from the classroom by the classroom teacher shall be offered continued educational programming and activities by a certified teacher in an alternate setting until the student is permitted to return to the classroom;
10. Each teacher must keep a complete log (on a CVES-provided form) for all cases of formal removal of students from his or her class. The principal must keep a building log of all formal removals by the teachers of students from class;
11. Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. See Section II (Definitions) "Disciplinary Change of Placement" for details. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under State or federal law or regulation. For programs that regularly enroll one or more students with a disability, it is recommended that behavior management systems be implemented as a means of anticipating and preventing discipline problems.

FORMAL REMOVAL OF DISRUPTIVE STUDENT BY TEACHER

PRINCIPAL/SUPERVISOR RESPONSIBILITIES

TRIGGERED BY TEACHER REMOVAL

Within 24 hours of removal, principal, and/or designee must inform parent/guardian of reasons for removal (exception students not school sponsored).

On request, student/parent must be given an opportunity to discuss reasons with principal, supervisor, and/or designee. If student denies the charges, student/parent must be given explanation of basis for removal and an opportunity to present his/her version. This must take place within 48 hours of removal.

Principal, supervisor, and/or designee must decide, by the close of business on the day following the opportunity for an informal hearing, whether the discipline will be overturned. Principal, supervisor, and/or designee may only set aside discipline if:

- a. The charges against the student are not supported by substantial evidence.
- b. The student's formal removal is otherwise in violation of law or the provisions of this Code of Conduct.
- c. The conduct warrants suspension and a suspension will be imposed.

Suspension from School

CVES and the home school district have the authority to suspend students from CVES programs. Suspensions typically occur in collaboration with the home school district. Suspension from school is a severe consequence, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of self or others.

Any staff member may recommend to the administrator that a student be suspended. All staff members must immediately report and refer a violent student to the administrator for violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The administrator, upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

A. Short-term (5 days or less) suspension from school

CVES shall initiate the suspension of a disruptive student from one of its programs when other forms of behavior intervention and disciplinary action have failed unless circumstances otherwise warrant.

1. Suspension may be recommended by an administrator to the home school district for a period of time not to exceed five school days;
2. The student being suspended must be notified of the suspension and the reason for the proposed suspension;
3. The parents/person(s) in parental relation of the student are to be notified in writing by personal delivery, express mail delivery or equivalent means within 24 hours with additional notification by telephone, where possible;
4. The student and parent(s) or person(s) in parental relation(s) shall, on request, be given an opportunity for an informal conference with the administrator. Such notice and opportunity for an informal conference shall take place prior to the suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable;
5. A copy of the suspension letter shall be placed in the student's file;
6. Upon return to school for reinstatement, the student should be accompanied, if possible, by either or both parents/person(s) in parental relation for a reinstatement interview. A phone conference may also be required. The administrator may recommend the suspension of a student with a disability for a period not to exceed five (5) consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior unless the particular suspension would result in a disciplinary change of placement. Any student with a disability who has been suspended for any 10 days within a school year must be referred to the Committee on Special Education of the home school district for a manifestation determination hearing. Students with disabilities and their parents should be aware that there are special protections surrounding disciplinary actions that may warrant a manifestation determination and should request specifics of these legal protections from the Committee on Special Education of their home school district.

B. Long-term (more than 5 days) suspension from school

Long-term suspension from school, permanent suspension, and removals or suspensions that constitute a disciplinary change of placement for students with disabilities (which could include an interim alternative educational setting) are required to be addressed by the home school district.

In order to facilitate review and action according to the disciplinary procedures established within the home district's Code of Conduct or, in the case of a student with disabilities, by a manifestation determination as required by State and federal law, the CVES administrator shall provide appropriate documentation to the appropriate school official of the student's home school district.

IX. MINIMUM PERIODS OF SUSPENSION

As prescribed by law, the following behaviors are serious enough to justify referral of students to the home school district for long-term (more than 5 days) suspension from school, permanent suspension, or a manifestation determination:

A. *Bringing or possessing a firearm as defined by the Gun Free Schools Act to CVES*

Any student found guilty of bringing or possessing a firearm, as defined by 18 USC Section 921 for purposes of the Gun-Free Schools Act, onto CVES property will be subject to suspension from CVES for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law Section 3214. The Superintendent of the home school district has the authority to modify the one-year suspension on a case-by-case basis at the recommendation of CVES administration. In deciding whether to modify the suspension period, the Superintendent of the home school district may consider the student's age, grade in school, prior disciplinary record, potential effectiveness of other forms of discipline, input from parents, teachers and/or others, other extenuating circumstances. A student with a disability may be suspended only in accordance with the requirements of State and federal law.

B. *Committing violent acts*

Any student who is found to have committed a violent act, other than bringing a firearm onto CVES property as defined by the Gun Free Schools Act, shall be subject to suspension from school for at least five days. If a minimum five-day suspension is proposed, the student and the student's parents or person(s) in parental relation, will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed suspension exceeds the minimum five-day suspension, the student and the student's parents or person(s) in parental relation will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension as per the Code of Conduct of the student's home school district. The home school district has the authority to modify the minimum five-day suspension on a case-by-case basis at the recommendation of CVES administration, using the same factors as were described above for modifying a one-year suspension for possessing a firearm. A student with a disability may be suspended only in accordance with the requirements of State and federal law.

C. *Repeatedly and substantially disrupting the educational process or repeatedly and substantially interfering with the teacher's authority over the classroom.*

Any student who repeatedly is substantially disruptive of the educational process or substantially interferes with the teachers' authority over the classroom shall be subjected to a suspension from school for at least five days. If a minimum five-day suspension is proposed, the student and the student's parents or person(s) in parental relation, will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed suspension exceeds the minimum five-day suspension, the student and the student's parents or person(s) in parental relation, will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension as per the Code of Conduct of the student's home school district. CVES has the authority to recommend a modification of the minimum five-day suspension on a case-by-case basis using the same factors as were described above for modifying a one-year suspension for possessing a firearm.

X. REFERRALS

A. Supportive Services

CVES may make recommendations for supportive services.

B. PINS Petitions

A PINS (person in need of supervision) petition may be filed in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

1. Being habitually truant and not attending school as required by Article 65 of the Education Law;
2. Engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school;
3. Knowingly and unlawfully possessing marijuana in violation of the Penal Law. A single violation will be a sufficient basis for filing a PINS petition.

C. Juvenile Delinquents and Juvenile Offenders – The Superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

1. Any student under the age of 16 who is found to have brought a weapon to school; or
2. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law.

The Superintendent is required to refer student's age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

XI. DISCIPLINING STUDENTS WITH DISABILITIES

The Board recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board also recognizes that students with disabilities are afforded certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable Federal and State law and regulations.

Authorized Suspensions or Removals of Students with Disabilities

A. For purposes of this section of the Code of Conduct, the following definitions apply.

- (a) *Behavioral intervention plan* means a plan that is based on the results of the functional behavioral assessment and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs and intervention strategies that include positive behavioral supports and services to address the behavior.
- (b) *Committee on special education or CSE* means a committee on special education, subcommittee on special education, or other multidisciplinary team established in accordance with Education Law section 4402 or, in the case of a preschool student with a disability, the committee on preschool special education.
- (c) *substance* means a drug or other substance identified under schedule I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. section 812) (United States Code, 2006 edition, volume 13; Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402-9328; 2008 - available at the Office of Counsel, New York State Education Department, State Education Building Room 148, 89 Washington Avenue, Albany, NY 12234).
- (d) *Day* shall mean a calendar day, except where a school day or business day is specified.
 - (1) *School day* means any day, including a partial day that students are in attendance at school for instructional purposes. The term *school day* has the same meaning for all students in school, including students with and without disabilities.
 - (2) *Business day* means Monday through Friday, except for Federal and State holidays (unless holidays are specifically included in the designation of business day).

- (e) *Disciplinary change in placement* means a suspension or removal from a student's current educational placement that is either:
 - (1) for more than 10 consecutive school days; or
 - (2) for a period of 10 consecutive days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year; because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and because of such additional factors as the length of each suspension or removal, the total amount of time the student has been removed and the proximity of the suspensions or removals to one another. The school district determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

Referral to law enforcement and judicial authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. the District may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement;
2. the Superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported, to the extent permitted by the Family Educational Rights and Privacy Act.

XII. CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS

Corporal punishment as a means of discipline shall not be used against a student by any teacher, administrator, officer, employee or agent of CVES.

The District Superintendent shall submit a written semi-annual report to the Commissioner of Education, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by school authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

Whenever a school employee utilizes a physical intervention when dealing with a student, the school employee shall make an immediate verbal report of the situation to the School Administrator/designee with the written report to follow within 24 hours. The School Administrator/designee shall, within the same school day, report to the Division Director/designee describing in detail the circumstances and the nature of the action taken.

Emergency Interventions

CVES holds the belief that the classroom teacher is the key person responsible for the maintenance of acceptable discipline among students. A well-planned program that keeps students occupied with work that is meaningful, interesting and challenging is the best means of preventing disruptive behavior by students. The Board recognizes, however, that under certain circumstances, a classroom teacher, teacher aide, student support service personnel, supervisor or administrator may find it necessary to resort to reasonable and prudent physical restraint in maintaining order in or on school premises.

Emergency interventions shall only be used in situations where alternative procedures and methods not involving the use of reasonable physical force cannot reasonably be employed. In keeping with the principles established by TCI, emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify or eliminate a targeted behavior.

However, if alternative procedures and methods which would not involve physical force do not work, then the use of reasonable physical force is not prohibited for the following reasons:

1. to protect oneself from physical injury;
2. to protect another student or teacher or any other person from physical injury; or
3. to restrain or remove a student whose behavior is interfering with the orderly exercise and performance of school district functions, powers or duties, if that student has refused to comply with a request to refrain from further disruptive acts; provided that alternative procedures and methods not involving the use of physical force cannot reasonably be employed to achieve the purposes set forth above.

The district will maintain documentation on the use of emergency interventions for each student including:

1. name and date of birth of student;
2. setting, location, date and time of the incident;
3. name of staff or other persons involved;
4. description of the incident and emergency intervention used, including duration;
5. a statement as to whether the student has a current behavioral intervention plan; and
6. details of any injuries sustained by the student or others, including staff, as a result of the incident.

The parent/person in parental relation of the student shall be notified on the day of the incident and documentation of emergency interventions shall be reviewed by CVES supervisory personnel and, as necessary, by the school nurse or other medical personnel.

XIII. STUDENT SEARCHES AND INTERROGATIONS

CVES is committed to providing an atmosphere for a positive, safe and orderly school environment.

Students are protected from unreasonable searches and seizures. A student may be searched and contraband seized on school grounds or in a school building by a school employee only when the employee has reasonable suspicion to believe the student is engaging in proscribed activity that is in violation of CVES rules.

Lockers

Lockers are provided for student use and the administration has the right to search lockers. A student may have exclusive use of a locker as far as other students are concerned but he/she does not have such exclusivity over the locker as against CVES authorities. Students do not have any reasonable expectation of privacy preventing school officials from opening the locker. Officials who wish to search a closed item (e.g. backpack, purse, etc.) within the locker must have reasonable suspicion to search that item.

Questioning of Students by School Officials

School officials or designees have the right to question students regarding any violations of school rules or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, parents/person(s) in parental relation, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate school administrator. The student's parent/guardian may be contacted.

The questioning of students by school officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not

negate the right/responsibility of school officials to contact appropriate law enforcement agencies, as may be necessary, with regard to such statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials (at least until after the questioning of students by school authorities has been conducted) are not required to give the so-called “Miranda warnings” (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent, that any statement made by the individual may be used as evidence against him/her, and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

If deemed appropriate or necessary, the District Superintendent/designee may also review the circumstances with CVES legal counsel so as to address concerns and the course of action, if any, which may pertain to or result from the questioning of students by school officials.

Law Enforcement Officials

It shall be the policy of the Board that a cooperative effort shall be maintained between CVES administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of such officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions. CVES’ administrators shall at all times act in a manner that protects the rights of students and parents.

Interrogation of Students by Law Enforcement Officials

If police are involved in the questioning of students on school premises, whether or not at the request of school authorities, it will be in accordance with applicable law and due process rights afforded students. Generally, police authorities may only interview students on school premises without the permission of the parent/guardian in situations where a warrant has been issued for the student’s arrest (or removal) or the questioning of students concerns a crime committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant, they should directly contact the student’s parent/person(s) in parental relation.

If possible, questioning of a student by police should take place in private and in the presence of the School Administrator/designee.

Child Protective Services' Investigations

From time to time, Child Protective Services (CPS) may desire to conduct interviews with students on school property. Such interviews generally pertain to allegations of suspected child abuse and/or neglect. CPS will have access to students at school only when there is a court order, parental consent has been obtained or where there is a documented reasonable basis to show that abuse and imminent danger exist.

XIV. VISITORS TO THE SCHOOLS

The Board recognizes the rights of parents or person(s) in parental relation to visit CVES schools and classrooms to observe the work of students, teachers and other staff. Since schools are places of work and learning, however, certain limits must be set for such visits. The School Administrator or designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. anyone who is not a regular staff member or student of the school will be considered a visitor;

2. all visitors to the school must report to the security desk or main office upon arrival at the school; visitors will be required to sign the visitor's register and will follow the prescribed building procedures;
3. visitors attending CVES functions that are open to the public after school hours are not required to register;
4. parents or persons in parental relation who wish to observe a classroom while school is in session are required to arrange such visits in advance and with permission of the building administrator in collaboration with the classroom teacher(s);
5. visitors are encouraged to make appointments with teachers or student support personnel to discuss individual matters rather than taking class or related service time;
6. any unauthorized person on CVES property will be reported to the School Administrator or designee. Unauthorized persons will be asked to leave. The police may be called if the unauthorized person does not respond to requests or directions from school personnel;
7. all visitors are required to abide by the CVES Code of Conduct.

XV. PUBLIC CONDUCT ON CVES PROPERTY

To create and maintain a safe, orderly and respectful climate, it is necessary to regulate public conduct on CVES property and at CVES functions. For purposes of this section of the Code, "public" shall mean all individuals when on CVES property or attending a CVES function including students, teachers, parents, volunteers, vendors, contractors, CVES staff, component district personnel, and other visitors.

The restrictions on public conduct on CVES property and at CVES functions contained in this Code are not intended to limit freedom of speech or peaceful assembly. CVES recognizes that free inquiry and free expression are indispensable to the objectives of CVES. The purpose of this Code is to maintain public order and prevent abuse of the rights of others.

All individuals on CVES property or attending a CVES function shall conduct themselves in a safe, orderly, and respectful manner. In addition, all persons on CVES property or attending a CVES function are expected to be dressed in accordance with this Code.

Prohibited Conduct

No individual, either alone or with others, shall:

1. intentionally injure any person or threaten to do so;
2. intentionally damage, destroy or remove without authorization CVES property or the personal property of a student, teacher, administrator, other CVES employee or any person lawfully on CVES property;
3. disrupt the orderly conduct of classes, CVES programs, other CVES activities, or other CVES work sites/internships;
4. distribute or wear materials on CVES grounds or at CVES functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program or CVES workplace;
5. intimidate, harass or discriminate against any person on the basis of race, gender, ethnicity, religion, age, political affiliation, sexual orientation, national origin, or disability, or acts of harassment and bullying as defined by this code of conduct or the Dignity for All Students Act.
6. enter any portion of CVES property without authorization or remain in any building or facility after regular hours;
7. obstruct the free movement of any person in any place to which this Code applies;
8. violate the traffic laws, parking regulations or other restrictions on vehicles;

9. possess, consume, sell, attempt to sell, purchase, attempt to purchase, distribute or exchange alcoholic beverages, tobacco, tobacco products, electronic cigarettes, vaping devices, components, and/or liquids, illegal substances, prescription and over-the-counter drugs, “look-alike drugs,” and other substances (e.g., dietary supplements, weight loss pills) or be under the influence on CVES property or at a CVES function;
10. possessing, selling, attempting to sell, purchasing, attempting to purchase, distributing or exchanging drug paraphernalia;
11. possess, use or produce weapons in or on CVES property or at a CVES function, except in the case of law enforcement officers or as specifically authorized by CVES;
12. loiter on CVES property;
13. refuse to comply with any reasonable order from identifiable CVES officials performing their duties;
14. willfully incite others to commit any of the acts prohibited by this Code;
15. violate any federal or State statute, local ordinance or Board policy while on CVES property or while at a CVES function.
16. Create or enable a hostile learning/work environment.

Penalties

Persons who violate this shall be subject to the following penalties:

1. Visitors: Authorization, if any, to remain on school/CVES grounds or at the school/CVES function may be withdrawn and be directed to leave the premises. If they refuse to leave, they are subject to removal. They shall be subject to disciplinary action as the facts may warrant, in accordance with this Code of Conduct, applicable law and due process requirements;
2. Students: Shall be subject to disciplinary action as the facts may warrant, in accordance with this Code of Conduct, applicable law and due process requirements;
3. Teachers and other CVES staff: Shall be subject to disciplinary action as the facts may warrant, in accordance with this Code of Conduct, applicable law and collective bargaining units and due process requirements.

Enforcement

The School Administrator/designee of an instructional site in any CVES facility shall be responsible for enforcing the conduct required by this Code.

When a CVES employee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property, the CVES employee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. The CVES employee shall also warn the individual of the consequences for failing to stop. If the person still refuses to stop engaging in the prohibited conduct, the School Administrator/designee may have the individual removed immediately from CVES property or the CVES function. If necessary, local law enforcement authorities may be contacted to assist in removing the person.

If the person’s conduct poses an immediate threat of injury to persons or property, the School Administrator/designee may have the individual removed immediately from CVES property or the CVES function. If necessary, local law enforcement authorities may be contacted to assist in removing the person.

CVES may initiate disciplinary action against any student or staff member, as appropriate. In addition, CVES reserves its right to pursue civil or criminal legal action, if applicable, against any person violating the CVES Code of Conduct.

XVI. DISSEMINATION AND REVIEW

Dissemination of Code of Conduct

The Board will work to ensure that the community is aware of this Code of Conduct by:

1. providing a public hearing prior to the Board approval of the Code of Conduct;
2. providing copies of the Code of Conduct to all students at the beginning of each school year;
3. providing the Code of Conduct to all parents of CVES students at the beginning of the school year and making it available upon request;
4. providing all CVES employees with a copy of the Code of Conduct and a copy of any amendments to the Code of Conduct as soon as practicable after adoption;
5. providing all new employees with a copy of the Code of Conduct when they are hired;
6. making the Code of Conduct available for review on the CVES website and by other means to students, parents and other community members;
7. providing the Code of Conduct to all component school districts.

The Board will sponsor an in-service education program for all CVES employees to ensure the effective implementation of the Code of Conduct. The District Superintendent may solicit the recommendation of CVES employees, particularly teachers and administrators, regarding in-service programs pertaining to the management and discipline of students.

The Board will review this Code of Conduct every year and update it as necessary. In conducting the review, the Board will consider how effective the Code of Conduct's provisions have been and whether the Code of Conduct has been applied fairly and consistently.

Before approving any revisions to the Code of Conduct, the Board will hold at least one public hearing at which CVES employees, parents, students and any other interested party may participate.

The administration shall develop guidelines in regard to:

- school training programs to discourage discrimination and harassment and that are designed to raise the awareness of sensitivity of school employees to potential discrimination and harassment in order to prevent and respond to discrimination and harassment;
- nondiscriminatory instructional and counseling methods; and
- requiring at least one staff member at every school to be thoroughly trained to handle human relations in the areas covered by DASA.

The Code of Conduct and any amendments to it will be filed with the Commissioner no later than 30 days after adoption.
