

INITIAL NOTIFICATION IN PARENTAL RELATION AND STAFF

If you would like to receive 48-hour notification of pesticide applications that are scheduled to occur in our school buildings, please complete the form below and return it to Jerry Brooks, the Champlain Valley Educational Services' IPM Coordinator, at P.O. Box 455, Plattsburgh, NY 12901.

New York State Education Law Section 409-H effective July 1, 2001, requires all public and non-public elementary and secondary schools to provide written notification to all persons in parental relation, faculty and staff regarding the potential use of pesticides periodically throughout the school year.

Champlain Valley Education Services is required to maintain a list of persons in parental relation, faculty and staff who wish to receive 48-hour prior written notification of certain pesticide applications.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

Champlain Valley Educational Services <i>Request for Pesticide Application Notification</i> (PLEASE PRINT NEATLY)		
School Building (please check one)
